Mr. Salman has worked with Schlumberger Oil Field Services (OFS) International in France, Saudi Arabia, Malaysia, Qatar and Pakistan. He has been involved in offshore and onshore testing projects for 'Well Completion & Productivity', while providing engineering management services to various companies including Ras-Gas® (Exxon-Mobil & Qatar Petroleum), Saudi Aramco®, Shell®, Petronas®, ENI®, OGDCL®, PPL®, OMV®, BP® and OPI®. While being with Engro Chemicals Limited (Formerly Exxon USA), he was privileged to be part of Engro Vision 2002-2007 which led to Engro's diversity to Foods Business. His field-experience embodies Productivity and Operational Sustainability through Automation (Instrumentation & Control), Construction Projects (EPC) and Energy (Oil & Gas).

Recently, Mr. Salman has contributed in PMI® USA led initiative to improve configuration of global certifications titling “Certification Exam Development – GPA Survey”. Prime services include but are not limited to Curriculum Development, Curriculum Maintenance and ‘Train the Trainer’ configuration for conception of Project Management Academy. Earlier in 2017, he developed training program “Advanced Project Management” with special focus on Risk Management for South Korean client FORED® to support knowledge initiative for KOGAS® & BP®. He has got similar mentoring/facilitating and training experiences for different diversified organizations: FFC®, e-Foods® (Engro Foods), TOTAL®, NESPAK®, PTCL®, Schlumberger NeXT®, GOP, Honda®, Descon®, Packages®, ARAMCO®, etc.

Mr. Salman is the Resource Person for Centre of Learning & Training (CLT), and Ministry of Planning & Development (P&D), Government Engineering Academy (GEA). He is serving FCCU with ‘School of Management’ in the field of Operations Management.
